

DIGITAL EARTH LEAKAGE CURRENT TESTER

Features

- To do the Earth Leakage Current Test of Appliance, Accessories etc..
- Specification: IS: 302.
- Operating voltage 230V AC $\pm 10\%$, 50 Hz
- Digital True RMS Ammeter. Range: 1.999mAAC(2000 μ AAC)
- LC:0.001mA(1 μ A),Accuracy: 1.0%.
- 2Pole Toggle Switch for Mains ON/OFF.
- 1Pole Two Way Selector Switch to Measure the Leakage Current with respect to Phase (LINE) or NEUTRAL.
- Overload Protection (Tripping Circuit).
- Push button to reset.
- Cartridge Fuse Holder with Glass Fuse.
- Main ON & Overload Indicators.
- 3PIN Multi Socket to connect the Mains Cord Sample directly.
- **Option: Manufacturing upto 20mAAC or asper Customers specification.**
- **Asper our Continous R&D the specification may change.**
