

## GLOW WIRE TEST APPARATUS

**GLOW WIRE TEST APPARATUS**

**GLOW WIRE WITH  
TEMP.RISE APP.**

### **Features**

- As per IS: 11000(part-2/Sec 1) & IEC: 695-2-1.
- Operating voltage 230V AC  $\pm 10\%$ , 50 Hz
- Temperature range: up to 1000°C
- Heating Element : 4 mm diameter Nicker/Chromium wire(80/40)
- K type temperature sensor diameter 0.5/1 mm
- Digital PID controller cum indicator for better controlling accuracy with LC 1°C, Accuracy better than 1%
- Digital preset timer range 99.9 seconds
- Digital time interval meter range 999.9 seconds
- 2 Pole MCB for Mains ON/OFF.
- Emergency Stop push button.
- Test ON/OFF switch .
- Mounting tray of SS
- **Option of manual or motorized arrangement for carrier**
- **Also available Glow wire & Temperature Rise test Apparatus in a single combo unit.**
